

# BEST PRACTICE

## TELEHANDLER AND ROTO PARKING GUIDE

### APPLICABLE UK FORKS MACHINES: ALL

Follow these simple Do's and Dont's to increase security when you are not with your machine. This is a best practice guide for your information. UK Forks cannot be held liable for any damage or theft incurred even after following these recommendations.

#### Do's

Do park your machine in a secure area

Do remove all keys and valuables from the cab

Do remove the battery isolator key

#### When a Mecklock Immobiliser is fitted:

Put the steering on full lock

Remove the key from the cab

Keep the key on you at all times

Do park the machine with the boom slightly extended and the stabiliser legs down

Do lock the cab

Do park your machine in direct view of CCTV cameras when available

#### Don'ts

Don't park the machine where a lorry can get alongside it

Don't leave keys or valuables in the cab

Don't hide the immobiliser key in the cab – take it with you at all times
